Message du ministre

Je suis heureux de présenter cet annuaire, qui aidera les conseillers à orienter les apprenants vers les programmes d'alphabétisation et d'autres programmes d'éducation et de formation de base pour adultes.

Les programmes figurant dans cet annuaire seront utiles aux apprenants dans tous les aspects de leur vie. En leur procurant les compétences dont ils ont besoin pour entreprendre des études et une formation plus poussée, nous leur donnons la possibilité de participer davantage à notre société.

J'aimerais féliciter tous ceux et celles qui offrent ces programmes ou qui les recommandent. J'aimerais, par-dessus tout, présenter mes meilleurs voeux aux apprenants qui ont entrepris, en tant qu'adultes, de commencer ou de reprendre leur éducation et leur formation en participant à ces divers programmes.

Le ministre de la Formation professionnelle,

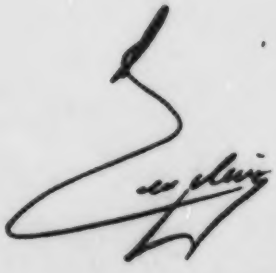
Alvin Curling

Message from the Minister

I am pleased to provide this directory to assist in the referral of learners to literacy and other adult basic education and skill training programs.

The programs listed in this directory benefit learners in all aspects of their lives. If we provide them with the skills needed to undertake further education and training, they will be able to participate more fully in our society.

I would like to commend all of you who are involved in the delivery of these programs or who provide the counselling necessary to ensure that potential participants find out about them. Most of all, my best wishes go to the learners who, as adults, have undertaken to begin or renew their education and develop skills through these diverse programs.



Alvin Curling
Minister of Skills Development

Introduction

L'annuaire a pour but :

- d'aider les apprenants éventuels et les organismes d'orientation à trouver le programme le plus approprié aux besoins de chacun, et
- de faciliter le partenariat, la coopération et la communication entre les divers fournisseurs de programmes d'alphabétisation, qui offrent actuellement des programmes d'alphabétisation de base pour adultes ou qui planifient de nouveaux programmes.

Les questionnaires utilisés pour compiler cet annuaire ont été envoyés aux collèges, aux conseils scolaires et aux groupes d'alphabétisation communautaires. Par ailleurs, ils ont révélé que les programmes d'anglais langue seconde sont étroitement liés aux programmes d'alphabétisation. Cet annuaire comprend donc des renseignements sur les programmes d'éducation de base pour adultes et de formation professionnelle, ainsi que sur les programmes de formation linguistique destinés aux immigrants.

Nous avons besoin de votre aide

Veuillez nous indiquer toute erreur ou omission. Vous trouverez des formulaires de mise à jour à la fin de l'annuaire.

Remerciements

Nous remercions chaleureusement de leur aide les employés des autres ministères du gouvernement de l'Ontario et les fournisseurs de programmes de la province.

Nous remercions sincèrement le personnel de la Bibliothèque de référence de la Communauté urbaine de Toronto (CUT) d'avoir bien voulu compiler la base de données informatiques utilisée pour imprimer le corps du texte.

Introduction

This directory is intended to:

- assist potential students and/or referral agencies in identifying the most appropriate program for individual students' needs
- facilitate partnership, co-operation and communication between the many different literacy providers who are currently involved in the delivery of adult basic literacy training or may be planning new programs.

The questionnaires for this directory, sent to colleges, school boards and community-based literacy groups, revealed that English as a second language programs are closely related to literacy programs. Therefore, the directory includes information on adult basic education and skills training as well as programs for language training for immigrants.

Your Assistance is Requested

Please let us know of any omissions or changes. Update sheets are included at the back of the book.

Acknowledgements

The assistance of staff in other Ontario government ministries and deliverers across Ontario is gratefully acknowledged.

To staff at the Metropolitan Toronto Reference Library for compiling the computer data base used to print the body of the book, a sincere thank you.

Organisation de l'annuaire

Plus de 500 programmes ontariens d'alphabétisation pour adultes et de formation professionnelle figurent dans cet annuaire.

L'annuaire est divisé en cinq sections principales :
- les programmes du Centre de l'Ontario (en dehors de la CUT),
- les programmes de l'Est de l'Ontario,
- les programmes de la CUT,
- les programmes du Nord de l'Ontario, et
- les programmes de l'Ouest de l'Ontario

Les annexes comprennent :
- des renseignements sur les mesures prises par le gouvernement de l'Ontario en faveur de l'alphabétisation, et
- les adresses des organismes nationaux, provinciaux et régionaux.

Les programmes sont indiqués dans l'ordre alphabétique des municipalités dans chaque section régionale, et dans l'ordre alphabétique des programmes à l'intérieur de chaque municipalité.

Si le programme est offert dans une municipalité autre que celle indiquée dans l'adresse postale, la municipalité où il est offert est indiquée après le programme.

À l'intérieur de la Communauté urbaine de Toronto, les programmes sont indiqués selon leur situation géographique dans les municipalités d'East York, Etobicoke, North York, Scarborough, Toronto et York, plutôt que selon leur adresse postale, c.-à-d. Willowdale, Islington, Rexdale, etc.

La description des programmes est donnée dans la langue d'enseignement utilisée, c'est-à-dire que les programmes en français sont indiqués en français et que les programmes en anglais sont indiqués en anglais.

Organization of Directory

Over 500 programs are listed in this directory of adult literacy and skills training programs in Ontario.

The directory is divided into five major sections as follows:
- programs in Central Ontario (outside Metro Toronto)
- programs in Eastern Ontario
- programs in Metro Toronto
- programs in Northern Ontario
- programs in Western Ontario

An appendix includes:
- information on Ontario government literacy initiatives
- national, provincial and regional organizations.

Programs are listed alphabetically within each regional section by municipality and alphabetically by program name within each municipality.

When a program is offered in a municipality different than the mailing address, the program location municipality is listed after the name of the program.

Within Metropolitan Toronto, programs are listed by their geographical location within the municipalities of East York, Etobicoke, North York, Scarborough, Toronto and York, rather than by postal address i.e. Willowdale, Islington, Rexdale, etc.

Descriptions of the programs are given in the language of instruction used: that is, the French programs are listed in French and the English are listed in English.

Plan gouvernemental d'alphabétisation de base pour adultes (ABA)

En septembre 1986, le gouvernement de l'Ontario a annoncé son plan d'ABA. Ce plan décrivait les stratégies générales qui permettraient de surmonter le problème croissant de l'analphabétisme dans notre société. Il demandait que la plupart des ministères, secrétariats, offices et organismes du gouvernement travaillent à cette question.

Le plan s'attardait plus particulièrement sur l'accès aux programmes - pour les autochtones, les personnes handicapées, les chômeurs, les personnes âgées, les contrevenants et les femmes, en particulier les mères célibataires bénéficiant de l'aide sociale.

Principes relatifs aux politiques et aux programmes d'alphabétisation du gouvernement de l'Ontario
La stratégie provinciale d'alphabétisation :

1. sert les objectifs généraux de
- participation pleine et entière à la société, et de
- promotion de l'emploi et de la croissance économique;

2. aide les individus à définir leurs besoins en encourageant
- le rapprochement communautaire,
- la diffusion de l'information, et
- l'orientation;

3. assure l'accès aux programmes des groupes ayant des besoins spéciaux
- en encourageant un accès très large aux programmes généraux d'alphabétisation, et
- en offrant des programmes individualisés afin de répondre aux besoins particuliers de certains groupes cibles;

Government Plan for Adult Basic Literacy (ABL)

In September 1986, the Ontario government plan for ABL was announced. This plan outlined broad strategies for overcoming the growing problem of illiteracy in our society. It directed that most ministries, secretariats, offices, and agencies in the government address this issue.

The plan focused on access - for Native Peoples, people with disabilities, the unemployed, older adults, persons involved with the correctional system, and women, particularly sole support mothers receiving social assistance.

Principles for Ontario Government Literacy Programs and Policies
The provincial literacy strategy:

1. Serves the broad objectives of
- full, equal and responsible citizenship
- promotion of employment and economic growth

2. Assists individuals to identify their needs by supporting
- outreach
- information dissemination
- counselling

3. Ensures access for groups with specialized needs by
- encouraging broad access to general literacy programs
- providing for customized programs to meet specific needs of defined target groups

4. favorise l'adaptabilité des programmes en offrant une variété
- de fournisseurs de services, et
- de modèles de programmes;

5. favorise la coordination et l'intégration des programmes afin d'assurer
- qu'il n'y a ni absence ni répétition de services, et
- que les citoyens ont la possibilité d'améliorer leurs aptitudes à la lecture et à l'écriture;

6. favorise l'alphabétisation en français et en anglais
- en reconnaissant que l'on peut acquérir des compétences dans l'une ou l'autre des langues officielles du Canada, et
- en ordonnant que les besoins culturels et linguistiques de la population francophone soient reconnus dans tous les programmes provinciaux d'alphabétisation.

Ministères participant à la prestation des programmes

La stratégie provinciale nomme les ministères suivants comme fournisseurs de programmes d'alphabétisation :
- Affaires civiques,
- Collèges et Universités,
- Services correctionnels,
- Formation professionnelle, et
- Éducation.

En septembre 1987, le ministère de la Formation professionnelle a été désigné comme ministère principal en alphabétisation.

Fonctions de coordination du ministère principal

Les fonctions attribuées au ministère principal sont :
- la mise sur pied d'un comité interministériel chargé d'examiner les politiques et les programmes provinciaux;

4. Supports program flexibility by providing for a variety of
- service providers
- program models

5. Promotes program co-ordination and integration in order to ensure
- no gaps or duplication in service
- the opportunity for individuals to advance their literacy abilities

6. Promotes literacy in English and French by
- acknowledging that skills can be developed in either of Canada's two official languages
- directing that the cultural and linguistic needs of the francophone population be recognized in all provincial literacy programs.

Ministries Involved in Program Delivery

The provincial strategy identifies the following ministries as deliverers of literacy programs:
- Citizenship
- Colleges and Universities
- Correctional Services
- Education
- Skills Development.

In September 1987, the Ministry of Skills Development was designated as the lead ministry for literacy.

Lead Ministry Co-ordination Functions

The functions assigned to the lead ministry are:
- development of an interministerial committee to review provincial programs and policies
- program evaluation
- co-ordination and liaison with local community literacy groups and other service providers

- l'évaluation des programmes;
- la coordination et la liaison avec les groupes d'alphabétisation communautaires et les autres fournisseurs de services;
- l'identification de l'ensemble des services et des besoins en matière d'alphabétisation (afin de découvrir les insuffisances);
- l'élaboration, en collaboration avec les parties intéressées, de nouvelles initiatives et de solutions aux problèmes posés par les programmes existants aux groupes ayant des besoins spéciaux;
- le parrainage de projets de recherche et autres projets spéciaux;
- l'élaboration de ressources didactiques et de matériel d'enseignement et de formation des enseignants/alphabétiseurs, en mettant l'accent sur le matériel destiné aux groupes ayant des besoins spéciaux;
- la prestation de programmes permanents d'information et de sensibilisation du public.

Responsabilités des ministères administrant les programmes

Le plan gouvernemental ordonnait que les ministères administrant les programmes :

- s'assurent que les fournisseurs de services financés par la province sont suffisamment flexibles et compréhensifs pour rajuster ou concevoir leurs programmes de façon à répondre à des besoins spéciaux;
- collaborent avec le ministère principal et les défenseurs des personnes ayant des besoins spéciaux pour s'assurer que ces besoins soient satisfaits.

- development of an overview of literacy needs and services (in order to identify gaps)
- development of new initiatives and/or solutions to problems with existing programs for groups with specialized needs by working with interested parties
- sponsorship of research and other special projects
- development of a resource collection and instructional and teacher/tutor training materials, with particular emphasis on materials for groups with specialized needs
- provision of on-going information and public awareness programs.

Responsibilities of Ministries Administering Programs

The government plan directed that ministries administering programs:

- ensure that service providers funded by the Province have the flexibility and responsiveness to adjust or design programs to meet specialized needs
- work with the lead ministry and advocates for people with specialized needs to ensure that needs are being met.

Responsabilités des ministères, offices, secrétariats et directions générales desservant les groupes ayant des besoins spéciaux

Le plan ordonnait que les autres organismes gouvernementaux ayant des responsabilités envers les groupes cibles ayant des besoins spéciaux :

- étudient les besoins en matière d'alphabétisation de leurs groupes respectifs;
- collaborent avec le ministère principal et les autres ministères à l'élaboration de solutions aux problèmes des personnes ayant des besoins spéciaux en matière d'alphabétisation.

Soutien financier aux programmes communautaires

Selon le plan gouvernemental, le financement accordé aux programmes communautaires était conçu pour :

- correspondre à des fonds équivalents en argent ou en nature;
- renforcer le rôle des bénévoles;
- exiger une coordination et une coopération au niveau local;
- offrir des variations au niveau du coût des services.

Responsibilities of Ministries, Offices, Secretariats, and Directorates Serving Groups with Special Needs

The plan directed that other government organizations with responsibilities for target groups with specialized needs:

- investigate the literacy needs of their respective groups
- work with the lead ministry and other ministries to develop solutions to the problems of people with specialized literacy needs.

Funding Support for Community-based Programs

According to the government plan, funding provided for community-based programs was to be designed to:

- require other funding or services-in-kind
- enhance the role of volunteers
- require co-ordination and co-operation at the local level
- provide for variations in costs of providing services.

Alphabétisation Ontario

Alphabétisation Ontario est un partenariat établi entre la population et le gouvernement de l'Ontario afin de promouvoir l'alphabétisation dans notre société, grâce à une meilleure compréhension des questions d'alphabétisation de la part du public et au large soutien apporté par la population aux programmes d'alphabétisation et à leurs utilisateurs. Alphabétisation Ontario a été annoncé en juin 1987 par le premier ministre.

Alphabétisation Ontario a pour but d'assurer que nos besoins en alphabétisation soient satisfaits dans l'ensemble de la province. Nous pouvons nous attaquer aux problèmes de l'analphabétisme sur une grande échelle en rassemblant nos ressources et nos idées. Nous mettons des brochures, du papier à en-tête, des affiches, des panneaux et d'autre matériel à la disposition des organismes locaux de prestation de programmes afin de les aider à promouvoir leurs programmes auprès des apprenants ou d'autres citoyens de leur collectivité. Nous encourageons les organismes à utiliser le logo d'Alphabétisation Ontario sur leur propre matériel.

Pour de plus amples renseignements
Alphabétisation Ontario
Ministère de la Formation professionnelle

Toronto (Ontario) M5S 1P7
Téléphone : (416) 967-8407

Literacy Ontario

Literacy Ontario is a partnership of the people and the Government of Ontario to promote literacy in our society, through greater public understanding of literacy issues and broad public support for literacy programs and their users. Literacy Ontario was announced in June 1987 by Premier David Peterson.

Literacy Ontario's goal is to ensure that all of our literacy needs are being met across the province. We can address literacy issues on a broad scale by sharing resources and information. Brochures, letterhead, posters, signs and other materials are available to local delivery organizations to help in the promotion of their programs to learners, and others in their communities. Organizations are encouraged to use the Literacy Ontario symbol on their own material.

Participation du gouvernement fédéral à l'alphabétisation

Trois ministères fédéraux participent à l'alphabétisation :

- la Commission de l'Emploi et de l'Immigration du Canada,
- le ministère du Solliciteur général (Services correctionnels Canada), et
- le Secrétariat d'État.

Au gouvernement fédéral, le ministère principal est actuellement le Secrétariat d'État.

Le Secrétariat national à l'alphabétisation a consulté les gouvernements provinciaux et les organismes nationaux non gouvernementaux qui s'intéressent à l'alphabétisation afin de coordonner et de mettre sur pied des mesures fédérales appropriées en matière d'alphabétisation des adultes. Des projets de développement d'importance nationale et provinciale ont été financés par le secrétariat.

Federal Government Involvement in Literacy

Three federal departments are involved in activities with literacy-related components.

- Canada Employment and Immigration Commission
- Department of the Solicitor General (Correctional Service of Canada)
- Department of the Secretary of State

The lead role in the federal government is currently taken by the Department of the Secretary of State.

The National Literacy Secretariat has consulted with provincial governments and national non-government organizations with an interest in literacy, in order to co-ordinate and develop appropriate federal adult literacy initiatives. Developmental projects of national and provincial significance have been funded through the secretariat.

Formation linguistique des immigrants

Ententes fédérales-provinciales
La formation linguistique des immigrants est appuyée par les gouvernements fédéral et provincial grâce à des ententes de partage des coûts et des subventions accordées aux fournisseurs de services par divers ministères provinciaux.

Les fonds destinés aux immigrants qui doivent améliorer leurs compétences dans l'une des langues officielles pour obtenir un emploi sont transférés par la Commission de l'Emploi et de l'Immigration du Canada (CEIC) au ministère de la Formation professionnelle pour lui permettre d'acheter des «places» dans les programmes de français langue seconde et d'anglais langue seconde des collèges communautaires. Dans certains cas, les stagiaires ont droit à une allocation de la CEIC. Les stagiaires sont orientés vers ces programmes par les conseillers des centres d'emploi du Canada.

Pour les programmes en français ou en anglais qui facilitent l'intégration dans la collectivité et l'obtention de la citoyenneté canadienne, une autre entente avec le Secrétariat d'État fédéral prévoit un remboursement de 50 pour 100 de la portion salaires des paiements de transfert provinciaux aux conseils scolaires, aux collèges communautaires et aux organismes communautaires.

Language Training for Immigrants

Federal/Provincial Agreements
Language training for immigrants is supported by both the federal and provincial governments through cost-sharing agreements and grants to deliverers by various provincial ministries.

Monies for those immigrants who need skills in an official language to obtain employment are transferred by the Canada Employment and Immigration Commission (CEIC) through the Ministry of Skills Development to purchase "seats" in community college English and/or French-as-a-second language programs. In some cases, trainees are eligible for a living allowance from CEIC. Trainees are referred by Canada employment centre counsellors to programs.

For English or French programs which lead to integration into the community and Canadian citizenship, another agreement with the federal Department of the Secretary of State provides for refunds of 50% of the salary-related portions of provincial transfer payments to school boards, community colleges and community organizations.

Une autre entente avec le Secrétariat d'État prévoit le remboursement d'une partie importante des coûts du matériel imprimé, publié aussi bien pour l'enseignement en classe que pour la formation des enseignants et fourni gratuitement par le ministère des Affaires civiques aux immigrants et aux enseignants des programmes à but non lucratif. (Les programmes des collèges destinés aux stagiaires orientés par la CEIC et l'industrie privée doivent acheter leur matériel à la Librairie du gouvernement de l'Ontario.)

Programmes provinciaux
Les programmes financés par les conseils scolaires et les organismes communautaires sont décrits dans les sections de cette introduction portant sur les ministères des Affaires civiques et de l'Éducation.

Les programmes des collèges sont financés en grande partie par la CEIC, comme nous l'avons indiqué précédemment. Certains élèves payant leurs cours peuvent recevoir une aide partielle grâce aux subventions versées par le ministère des Collèges et Universités aux collèges communautaires.

Le programme de Formation de base en milieu de travail du ministère de la Formation professionnelle défraie les coûts de formation de certains apprenants en français et en anglais langue seconde (ALS) en milieu de travail qui suivent également des cours d'alphabétisation de base.

Another agreement with the department of the Secretary of State provides for the refund of a major portion of the costs of the print materials, both classroom and teacher-training, published and provided free by the Ministry of Citizenship to immigrants and teachers in non-profit programs. (College programs for trainees referred by CEIC and private businesses must purchase the materials from the Ontario Government bookstore.)

Provincial Programs
Programs funded through school boards and community organizations are described under the sections of this introduction relating to the Ministries of Citizenship and Education.

College programs are largely paid for by CEIC, as outlined above. Some fee-paying students in college programs may be partially supported through grants by the Ministry of Colleges and Universities to community colleges.

The Ontario basic skills in the workplace program of the Ministry of Skills Development provides the training costs for some ESL learners in the workplace who are also learning basic literacy skills.

Programmes du gouvernement de l'Ontario

Ministère des Affaires civiques

Subventions aux cours de langue et d'orientation aux nouveaux Ontariens
Les subventions pour les cours de langue et d'orientation aux nouveaux Ontariens (CLONO) apportent un soutien aux programmes communautaires offrant des cours d'alphabétisation dans une des langues officielles, des cours d'instruction civique, et des services d'orientation aux adultes nouvellement arrivés en Ontario.

Les rubriques pouvant bénéficier d'un financement comprennent :

- les salaires et les avantages sociaux relatifs
  - à la coordination,
  - au rayonnement et à la publicité,
  - aux programmes préscolaires (s'ils sont offerts avec des programmes pour adultes); et
- les frais d'exploitation.

Les instructeurs pour adultes ou les superviseurs payés des instructeurs bénévoles sont fournis par les conseils de l'éducation, qui coparrainent presque tous les programmes CLONO.

Ontario Government Programs

Ministry of Citizenship

Newcomer Language/Orientation Classes Grants
Newcomer Language/Orientation Classes (NLOC) grants provide support for community-based programs offering official language and second dialect literacy, orientation, and citizenship instruction for adult newcomers in Ontario.

Items eligible for funding include:

- salaries and benefits for
  - co-ordination
  - outreach and publicity
  - preschool programs (if delivered in conjunction with adult programs)
- operating expenses.

Adult instruction or paid supervision of volunteer instructors is provided by boards of education which co-sponsor almost all NLOC programs.

Environ 60 pour 100 des apprenants adultes actuellement inscrits aux programmes CLONO tombent également dans le groupe cible de l'alphabétisation de base pour adultes (ABA), c'est-à-dire qu'ils ont moins de neuf ans de scolarité. Par conséquent, la plupart des programmes offrent des cours d'alphabétisation de base dans le cadre de leurs cours d'anglais langue seconde (ALS). Cette composante du programme est connue sous le nom d'alphabétisation ALS, et elle est différente des cours ordinaires de lecture et d'écriture donnés à ceux qui sont compétents dans leur première langue.

Si le nombre d'apprenants le justifie, les instructeurs peuvent être bilingues, afin d'établir un lien entre la langue maternelle, les compétences orales et l'aptitude de l'apprenant à lire et à écrire en anglais.

Pour de plus amples renseignements
Pour obtenir de plus amples renseignements, les critères d'admission et les formulaires de demande, prière de s'adresser aux bureaux des Services régionaux du ministère des Affaires civiques figurant dans les pages bleues de l'annuaire téléphonique.

Subventions aux projets communautaires
Ces subventions sont mises à la disposition des organismes à but non lucratif clients du ministère des Affaires civiques, comme les programmes d'ALS (les groupes d'alphabétisation ne sont pas admissibles aux subventions). Elles prévoient un financement partiel des projets admissibles. L'organisme demandeur doit recueillir des fonds équivalents en espèces ou en services. Le pourcentage du budget admissible au financement varie de 50 pour 100 à 80 pour 100, selon la catégorie du projet.

Approximately 60% of the adult learners in existing NLOC programs also fall into the ABL target group, that is, they have less than nine years' education. Thus, most programs offer basic literacy as an integral part of English-as-a-second language (ESL) instruction. This component of the program is known as ESL literacy and is different from the regular instruction in reading and writing for those literate in their first language, an integral part of any language training program.

If the number of students warrants it, instructors may be bilingual in order to provide a bridge from mother tongue to English oral and literacy skills.

For Further Information
Further information, criteria, and applications may be obtained from Regional Services offices of the Ministry of Citizenship listed in the blue pages of your phone book.

Community Project Grants
These grants are available to non-profit client organizations of the Ministry of Citizenship such as ESL programs. Literacy groups are not eligible for funding. They provide partial funding of eligible projects. Matching funds or equivalent services-in-kind must be raised by the applicant organization. The percentage of the project budget eligible for funding depends on the project category and varies between 50% and 80%.

Pour de plus amples renseignements
Pour obtenir de plus amples renseignements et des formulaires de demande, prière de s'adresser aux bureaux des Services régionaux du ministère des Affaires civiques.

Aide apportée aux fournisseurs de programmes d'ALS et d'alphabétisation ALS
Un personnel professionnel offre les services suivants :

- des consultations pour faciliter tous les aspects de l'élaboration, du financement et de la mise en œuvre des programmes;
- des livres de cours, du matériel de formation pour les enseignants et des périodiques;
- une collection d'ouvrages mise gratuitement à la disposition des enseignants d'ALS, y compris un service d'envoi postal;
- la formation des coordonnateurs des groupes communautaires afin de les aider à recruter, orienter, former et superviser le personnel et les bénévoles (dans certains cas, ils forment également le personnel et les bénévoles grâce à des cours et des ateliers coparrainés par les conseils de l'éducation);
- la formation des instructeurs des enseignants aux nouvelles méthodes (ces instructeurs forment ensuite les enseignants aux divers aspects de l'enseignement des langues, comme l'alphabétisation ALS. Dans ce cas, les instructeurs viennent des collèges, des conseils scolaires et de la collectivité);
- l'aide à la création de réseaux pour assurer une liaison entre les programmes et les organismes afin de renforcer l'infrastructure générale des services en Ontario;
- l'élaboration de modèles de programmes, de matériel et de cours qui peuvent être utilisés dans des situations semblables.

For Further Information
Information and applications are available from Regional Services offices of the Ministry of Citizenship.

Assistance Provided to ESL and ESL/Literacy Deliverers and Practitioners
A professional staff provides the following services:

- consultation to assist with all aspects of program development, funding, and implementation
- publishing of textbooks, teacher-training materials and periodicals
- a library collection available to ESL teachers free-of-charge, including a mail-out service
- training for co-ordinators in community based groups to assist them with staff and volunteer recruitment, orientation, training, and supervision (In some cases training is also provided to staff and volunteeres through courses and workshops co-sponsored with boards of education.)
- training-of-teacher trainers in new approaches (These trainers in turn train teachers in a variety of aspects of language training, for example, ESL literacy training. In these cases, trainers come from colleges, school boards and the community.)
- networking assistance to link programs and organizations in order to strengthen the overall delivery infrastructure in Ontario
- program, materials, and curriculum development of models which can be used in other similar situations.

Les services de soutien sont offerts par des conseillers du Ministère, qui travaillent souvent en collaboration avec des groupements d'organismes, ainsi que des organismes communautaires et des établissements d'enseignement. La formation et la création de réseaux à l'intention des fournisseurs de services peuvent être offertes sous diverses formes, notamment des ateliers, des cours, des conférences et des téléconférences. Ces services peuvent être achetés par l'intermédiaire d'autres organismes (les conseils de l'éducation, par exemplez) ou coparrainés avec eux.

Ministère des Collèges et Universités

Pour les apprenants plus avancés, le ministère des Collèges et Universités met l'accent sur les programmes de préparation à l'emploi et sur une formation plus poussée. Les programmes comprennent : les cours préparatoires à la formation professionnelle, la formation de base en vue d'un emploi et la préparation à l'emploi. Ces programmes reçoivent l'appui de la Commission de l'Emploi et de l'Immigration Canada et du ministère qui verse des subventions d'exploitation aux collèges. Les collèges communautaires offrent également un certain nombre d'autres cours liés aux aptitudes de base.

Ministère des Services correctionnels

On estime que 40 pour 100 de la population desservie par ce ministère est fonctionnellement analphabète, c'est-à-dire qu'elle fonctionne à un niveau de lecture, d'écriture et d'arithmétique inférieur au niveau de l'école secondaire et qu'elle ne possède généralement pas les connaissances ni les aptitudes nécessaires pour fonctionner dans une société moderne.

Bien que les services varient, les programmes offrant présentement aux contrevenants la possibilité d'améliorer leur niveau d'alphabétisation sont fournis de la façon suivante :

- le Ministère emploie 47 enseignants relevant de l'administration des écoles provinciales dans 9 centres correctionnels et 2 centres de détention où les cours d'alphabétisation constituent une composante de la totalité des cours théoriques, techniques et pratiques;
- le Ministère a établi des ententes avec certains conseils scolaires pour offrir des programmes d'éducation de base et d'autres possibilités d'éducation à chaque centre de détention et centre de garde en milieu fermé pour jeunes contrevenants;

Ministry of Colleges and Universities

For more advanced students, the Ministry of Colleges and Universities emphasizes preparatory programs for employment and further skills training. Programs include: Basic Training for Skills Development, Basic Employment Training, and Job Readiness Training. These are supported by both the Canada Employment and Immigration Commission and the Ministry through provincial operating grants to colleges. A number of other short courses related to basic skills are also offered through community colleges.

Ministry of Correctional Services

It is estimated that 40% of the population served by this ministry is functionally illiterate, i.e., functioning below a secondary school level of literacy and numeracy, and generally lacking in the knowledge and skills necessary to function in modern society.

While services vary, the programs which presently provide opportunities for offenders to improve their literacy levels are offered in the following ways:

- A total of 47 Provincial Schools Authority teachers are employed in nine correctional centres and two detention centres where literacy courses are one component of the total educational program of academic, vocational and life-skills options.
- Agreements have been established with school boards to provide basic education programs and other educational opportunities at young offender secure detention sites.

- les conseils scolaires offrent des services d'éducation de base pour adultes dans le cadre des cours d'éducation permanente aux détenus de 15 centres de détention, prisons et centres correctionnels;
- des bénévoles sont à l'œuvre au Ministère, dans les établissements et les programmes communautaires pour offrir divers programmes et méthodes d'alphabétisation;
- le personnel des programmes communautaires des Services de probation et de libération conditionnelle facilite les liaisons entre une variété d'organismes et de services de soutien et certains de leurs 40 000 clients qui demandent de l'aide en matière d'alphabétisation.

Le Ministère entend poursuivre, dans la mesure du possible, sa collaboration avec les conseils scolaires dans les nouveaux établissements et entend augmenter les services actuellement offerts par les conseils de l'éducation.

On projette, dans les programmes des centres correctionnels à long terme, d'élargir l'application du système d'apprentissage assisté par ordinateur PLATO et l'utilisation du matériel d'apprentissage BLADE (Alphabétisation de base pour le perfectionnement des adultes).

Ministère de la Culture et des Communications

Subventions accordées aux bibliothèques
Le Ministère offre des subventions pour financer partiellement :
- les programmes innovateurs;
- l'acquisition de meubles et de matériel afin d'améliorer la prestation des services dans les bibliothèques;
- l'acquisition de collections afin de répondre aux besoins des francophones, des groupes multiculturels, des autochtones et des personnes handicapées;
- l'acquisition de matériel d'alphabétisation et de logiciels.

- Continuing education services in adult basic education are delivered by school boards to inmates in detention centres, jails, and correctional centres at 15 different locations.
- Volunteers are active throughout the ministry in institutions and community programs. They offer varied programs and approaches to literacy.
- Community program staff in Probation and Parole Services facilitate linkages with a wide variety of support agencies and services for those of their 40,000 clients who have literacy needs and request help.

The ministry intends to pursue, where possible, more involvement of school boards at new sites or to expand present board of education services.

Plans are currently underway in the in-house programs at the long-stay correctional centres to expand the application of the computer-assisted PLATO learning system and the use of the BLADE (Basic Literacy for Adult Development) learning materials.

Ministry of Culture and Communications

Grants for Libraries
Project grants are available for partial funding of:
- innovative programming
- the acquisition of furniture and equipment to improve service delivery in libraries
- the acquisition of collections to meet the needs of francophone, multicultural, Native and disabled persons
- the acquisition of collections of literacy materials and computer software.

Le matériel d'alphabétisation donne droit à :

- une subvention maximale de 50 pour 100 des coûts admissibles, jusqu'à concurrence de 20 000 dollars, pour les conseils de bibliothèque publique locaux et unis;
- une subvention maximale de 80 pour 100 des coûts admissibles, jusqu'à concurrence de 5 000 dollars, pour les bibliothèques de bande indienne;
- une subvention maximale de 50 pour 100 des coûts admissibles, jusqu'à concurrence de 30 000 dollars, pour les conseils de bibliothèque de comté.

Toronto (Ontario) M7A 2R9
Téléphone : (416) 965-2696

Ministère de l'Éducation

Le Ministère offre les programmes d'éducation de base pour adultes suivants par l'entremise des conseils scolaires :

- Alphabétisation de base pour adultes
- Français/anglais langue seconde
- Instruction civique et enseignement de la langue

Les programmes d'éducation de base pour adultes (EBA) sont entièrement financés par le ministère de l'Éducation, mais les conseils scolaires ne sont pas tenus de les offrir.

Programmes d'alphabétisation de base pour adultes (ABA)
Les conseils peuvent offrir des programmes d'ABA en passant une entente avec un collège d'arts appliqués et de technologie ou en coparrainant les cours avec des bibliothèques ou des groupes communautaires. Dans ces conditions, le conseil scolaire devrait jouer un rôle actif dans la supervision et la prestation des programmes.

Literacy materials are eligible for:

- up to 50% of eligible costs to a maximum grant of $20,000 for local and union public library boards
- up to 80% of eligible costs to a maximum of $5,000 for Indian band libraries
- up to 50% of eligible costs to a maximum grant of $30,000 for county library boards.

Toronto, Ontario M7A 2R9
Telephone: (416) 965-2696

Ministry of Education

The Ministry provides the following Adult Basic Education programs through school boards:

- Adult Basic Literacy
- English/French as a Second Language
- Citizenship and Language

Adult Basic Education Programs are fully funded by the Ministry of Education, but it is not compulsory for school boards to offer ABE programs.

Adult Basic Literacy (ABL) Programs
School boards may enter into an agreement with a college of applied arts and technology for the delivery of ABL programs or co-sponsor ABL programs with libraries and community groups. Under these conditions, the school board should play an active role in the supervision and delivery of the program.

Prestation des programmes

Les programmes d'ABA peuvent être offerts de l'une des façons suivantes :

- individuellement avec un alphabétiseur bénévole,
- en petits groupes ou en petites classes,
- à temps partiel le soir ou dans la journée,
- dans un cours de jour pour adultes,
- dans les collèges, les bibliothèques, les centres communautaires, les établissements correctionnels, les hôpitaux, au travail, etc.

Financement des programmes

Les programmes offerts par des instructeurs employés directement par un conseil scolaire ou selon une entente avec un collège (en vertu du paragraphe 165a(2) de la Loi sur l'éducation) sont admissibles à des subventions complètes pour l'alphabétisation de base pour adultes (ABA) et les cours d'arithmétique, de langue et d'instruction civique. En outre, les programmes d'ABA conçus pour les adultes déficients mentaux peuvent être admissibles aux subventions d'ABA. Dans les programmes ayant des classes de moins de 15 élèves, on ajoute un financement additionnel équivalent à 5 élèves supplémentaires maximum.

Pour les programmes d'ABA où les enseignants ne sont pas directement employés, les conseils scolaires reçoivent un financement pour la supervision des programmes :

- qu'ils offrent eux-mêmes et qui font appel à des instructeurs bénévoles;
- qu'ils offrent en collaboration avec un organisme communautaire ou une bibliothèque et qui font appel à des instructeurs bénévoles ou payés par le groupe.

Pour ces programmes, les conseils reçoivent des subventions destinées à compenser les frais d'enseignement et de supervision des programmes, mais le financement additionnel pour les petites classes ne s'applique pas.

Les autres rubriques admissibles aux subventions comprennent :

- la coordination,
- l'achat de matériel,

Program Delivery

ABL programs may be delivered in one or more of the following modes:

- on a one-to-one basis with a volunteer instructor
- in small groups or classes
- part-time in the evening or daytime
- in an adult day school
- in colleges, libraries, community centres, correctional institutions, hospitals, the workplace, etc.

Program Funding

Programs provided by instructors directly employed by a school board or through an agreement with a college (under section 165a (2) of the Education Act) are eligible for full grants for adult basic literacy (ABL) and numeracy, language and citizenship training. In addition, ABL programs designed for mentally handicapped adults may qualify for ABL grants. In programs with classes of fewer than fifteen students, additional funding equivalent of up to five more students is added.

For those ABL programs where instructors are not directly employed, school boards receive funding for the supervision of programs:

- which they operate themselves and which use volunteer tutors
- which they operate in co-operation with a community organization or library and which use volunteer instructors or instructors paid by the group.

For these programs, the boards receive grants to offset payment for instructional cost and for the supervision of programs but the small class calculation does not apply.

• l'élaboration de programmes,
• le perfectionnement du personnel,
• les déplacements et
• les services de soutien administratif.

Les subventions d'EBA sont versées au taux de 1 986 dollars par élève à temps plein, soit 970 heures. Les conseils qui reçoivent des subventions supérieures en vertu d'une ancienne formule continuent de les recevoir.

La prestation et le financement des programmes de français/anglais langue seconde et d'instruction civique et d'enseignement de la langue s'effectuent de la même façon que pour les programmes d'alphabétisation de base pour adultes.

Pour de plus amples renseignements
Les conseils scolaires doivent faire leur demande de financement pour ces programmes par l'intermédiaire des bureaux régionaux du ministère de l'Éducation.

Pour de plus amples renseignements, prière de s'adresser au conseil scolaire local ou au bureau régional du ministère de l'Éducation.

Centre d'études indépendantes
Le ministère de l'Éducation offre, aux résidents de l'Ontario qui sont dans l'impossibilité d'assister aux cours, des cours par correspondance d'alphabétisation de base pour adultes (ABA), d'anglais de base pour adultes et d'anglais langue seconde (ALS) par l'intermédiaire du Centre d'études indépendantes. Ce service est gratuit dans la mesure où l'élève inscrit réside en Ontario, est citoyen canadien ou résident permanent.

Contenu des programmes
ABA
Les leçons d'ABA en anglais sont présentées en deux parties : le livre de l'instructeur/élève et le livre de l'élève. Les leçons d'ABA en français sont actuellement en cours de préparation.

Remarque - Les adultes s'inscrivant au cours doivent pouvoir être aidés par quelqu'un qui peut

Other items eligible for assistance include:
• co-ordination
• purchase of materials
• curriculum development
• staff development
• travel
• administrative support services.

ABE grants are given at the rate of $1,986 per full-time equivalent (FTE) student (970 hours). Boards which received higher grants under a former formula continue to receive the higher grants.

ESL/FSL Programs and Citizenship and Language Programs have the same program delivery and funding as Adult Basic Literacy Programs.

For Further Information
School boards apply through regional offices of the Ministry of Education for funding these programs.

For more information, contact your local school board or the nearest regional office of the Ministry of Education.

Independent Learning Centre
For those Ontario residents who are unable to attend in person, the Ministry of Education provides correspondence courses in Adult Basic Literacy, (ABL) Adult Basic English and English-as-a-Second Language (ESL) through the Independent Learning Centre. There is no charge for this service provided the enrolled student resides in Ontario and is a Canadian citizen or landed immigrant.

Program Content
ABL
The ABL English lessons come in two parts: the tutor/student book and the student book. The ABL French lessons are presently being developed.

Note: Adults enrolling in the course must have someone who can read or write English to assist them. Additional help is available from a

lire ou écrire l'anglais. Ils peuvent bénéficier de l'aide d'un enseignant qualifié lors de conversations téléphoniques régulières.

Anglais de base pour adultes
Deux cours d'anglais de base pour adultes, rédigés au niveau de lecture de la 4e et de la 5e année, ont été mis au point pour ceux qui veulent améliorer leurs compétences dans le domaine de la lecture et de l'écriture. Chaque leçon se compose de matériel imprimé et de bandes sonores.

Remarque – Les apprenants n'ont pas besoin d'être aidés par une personne bénévole pour pouvoir suivre le cours.

Autres cours
Pour les adultes ayant une scolarité inférieure à la 9e année, deux cours d'anglais de base de 9e année sont offerts par correspondance.

ALS
Deux cours d'ALS sont disponibles.

Remarque – Les adultes s'inscrivant au cours doivent pouvoir être aidés par quelqu'un qui peut lire ou écrire l'anglais. Ils peuvent bénéficier de l'aide d'un enseignant qualifié lors de conversations téléphoniques régulières.

qualified teacher who provides professional instruction through regular telephone conversations with the student.

Adult Basic English
There are two adult basic English courses written at a grade 4 to 5 reading level that were developed for adults who want to improve their reading and writing skills. Each lesson consists of printed materials with accompanying audio tapes.

Note: Students do not need to have a volunteer tutor in order to take this course.

Other Courses
For adults with limited formal schooling, e.g., less than grade 9, there are two grade 9 basic level English courses available by correspondence.

ESL
There are two ESL courses available.

Note: Adults enrolling in the course must have someone who can speak, understand, read and write English to assist them. Additional help is available from a qualified teacher who provides professional instruction through regular telephone conversations with the student.

Ministère de la Formation professionnelle

Programme de Formation de base de l'Ontario
Le programme de Formation de base de l'Ontario (FBO) est conçu pour les adultes chômeurs et employés qui se heurtent à certains obstacles en matière de formation professionnelle dus à un manque d'instruction. Les stagiaires peuvent choisir de s'inscrire au programme FBO pour atteindre l'un des buts suivants :

- acquérir le niveau requis pour pouvoir être admis à un programme de formation parrainé par le gouvernement fédéral;
- améliorer suffisamment leurs qualifications pour être admis aux programmes de formation professionnelle;
- trouver un emploi.

FBO est un élément important de la Stratégie de formation professionnelle du Ministère.

Description du programme
FBO est conçu pour donner aux travailleurs les compétences de base en lecture, en écriture et en arithmétique nécessaires pour entrer sur le marché du travail. Il prévoit un plan de formation personnalisé et peut comprendre :

- des cours théoriques entrecoupés de stages,
- une formation pratique au maniement des ordinateurs, des outils et des machines,
- des cours d'adaptation à l'emploi,
- des cours de recherche d'emploi (pour les stagiaires qui ont l'intention de chercher directement un emploi), et
- des cours intensifs pour améliorer les compétences théoriques, en même temps que d'autres aptitudes de base, du niveau d'alphabétisation de base au niveau de la 12e année. Les cours d'alphabétisation de base seront essentiellement de nature professionnelle.

Ministry of Skills Development

Ontario Basic Skills Program
The Ontario Basic Skills (OBS) program is designed for unemployed and employed adults who face barriers to skills training due to lack of education. Trainees may elect to enter the OBS program to achieve one of the following goals:

- to acquire the necessary level to qualify for further upgrading under federal sponsorship
- to acquire the necessary upgrading to enter skills training programs
- to enter employment.

OBS is an important component of the skill training strategy of the ministry.

Program Description
OBS is designed to equip workers with job-entry and basic literacy and numeracy skills. It provides an individualized training plan and may include:

- academic learning including career and technical skills
- hands-on exposure to computers, shop tools and machinery
- work adjustment skills
- job search skills (for those trainees intending to proceed directly to employment)
- intensive instruction to upgrade academic skills, along with other basic skills, from the level of basic literacy through Grade 12. The focus of instruction at the basic literacy level is occupational in nature.

Durée du programme
Il n'y a pas de durée maximum définie pour chaque stagiaire. Cependant, la norme est de 400 heures de cours, suivis à temps plein ou à temps partiel.

Admissibilité des stagiaires
Pour être admissibles au programme FBO, les candidats doivent :
- être résidents de l'Ontario et avoir le droit d'y travailler;
- avoir 25 ans ou plus.

Remarque – Les exceptions à l'âge minimum sont acceptées lorsqu'il n'existe pas d'autres ressources de formation appropriées.

Soutien spécial aux stagiaires
Les participants aux programmes de formation du ministère de la Formation professionnelle peuvent bénéficier d'un financement de leurs frais :
- de garderie,
- de déplacement et
- d'hébergement.

Où est offert le programme?
Le programme FBO est offert par l'intermédiaire des collèges d'arts appliqués et de technologie de l'Ontario. (Dans certains cas, les collèges peuvent offrir FBO en collaboration avec des programmes communautaires locaux.) Pour obtenir l'adresse exacte des programmes, veuillez vous adresser au coordonnateur FBO de votre collège d'arts appliqués et de technologie.

Appeler sans frais Renseignements Formation au 1-800-387-5656 (de 9 h à 17 h)

Program Duration
There is no fixed maximum duration for individual trainees. However, 400 hours of instruction, taken on either a full or part-time basis, is expected to be the norm.

Trainee Eligibility
To access the OBS program applicants:
- must be residents of, and eligible to work in Ontario
- should normally be 25 years of age or older.

Note: Exceptions to the age minimum will be allowed where no other appropriate training resource exists.

Special Trainee Support
Funding for trainee costs related to
- child care
- travel
- accommodation

is available to participants in Ministry of Skills Development training programs.

Program Locations
The OBS program will be delivered through the Ontario colleges of applied arts and technology. (In some cases, colleges may co-operate with local community-based programs in the delivery of OBS.) For the exact location of programs, contact the OBS Co-ordinator at your college of applied arts and technology.

Programme de Formation de base en milieu de travail (FBMT)
Le programme FBMT offre aux travailleurs divers programmes de formation professionnelle en milieu de travail. Selon les besoins des employeurs et des travailleurs et dans la mesure où ils se rapportent au travail, les cours peuvent comprendre :

- une formation de base en lecture, en écriture, en arithmétique et en communication;
- une formation dans l'emploi du vocabulaire spécialisé, soit technique, soit lié au travail;
- l'acquisition de connaissances scientifiques et techniques de base.

Les employeurs et les associations d'employeurs désirant offrir une formation à leurs employés, et les syndicats et les associations d'employés désirant offrir une formation à leurs membres peuvent obtenir des subventions.

Pour de plus amples renseignements

Fonds pour projets spéciaux
Le Fonds pour projets spéciaux peut fournir une aide financière aux nouvelles initiatives qui encouragent, démontrent et élaborent de nouvelles méthodes visant à améliorer l'efficacité des programmes de formation professionnelle.

Le fonds vise surtout à accroître la participation et la réussite des groupes/personnes qui ont toujours été sous-représentés dans le domaine de la formation professionnelle : les femmes, les travailleurs âgés, les personnes handicapées et les autochtones, par exemple.

Ontario Basic Skills in the Workplace (OBSW)
OBSW provides a variety of basic skills training programs to employees at the worksite. Depending on needs of employers and workers, courses may include workplace related:

- reading, writing, basic communication and math skills
- development of skills in the use of special technical or job-related vocabulary
- basic scientific and technical knowledge.

Funding is available to employers and employee associations who wish to provide training to their employees and union and employer associations who wish to provide training for their members.

900 Bay Street
Toronto, Ontario M7A 1L2
Telephone: (416) 963-2708

Special Project Fund
The special project fund may provide financial assistance to projects that promote, demonstrate, and/or develop new and innovative approaches to making skills development programs effective and efficient.

Special emphasis is given to increasing the participation and success of groups/individuals traditionally underrepresented in skills training, e.g., women, older workers, people with disabilities and Native persons.

Subventions pour l'alphabétisation communautaire en Ontario (ACO)
Les subventions ACO sont destinées à faciliter l'élaboration et la prestation de programmes et de services communautaires d'ABA pour les résidents de l'Ontario. En outre, elles appuient certaines recherches et autres activités qui visent à améliorer le développement de l'ensemble des services d'ABA par les fournisseurs.

Il y a deux volets (A et B) au Programme de subventions ACO.

Le volet A appuie deux services distincts :
1. la prestation continue de programmes d'alphabétisation aux apprenants;
2. des services centralisés bilingues de rayonnement, d'orientation et de consultation facilitant l'accès à tous les fournisseurs, que ce soient des établissements ou des organismes communautaires, dans une région donnée.

Les rubriques admissibles au financement comprennent :
- les salaires et avantages sociaux relatifs
  - à la coordination,
  - au rayonnement et à la publicité,
  - au recrutement, à l'orientation, à la supervision et à la formation des bénévoles,
  - à la consultation, à l'orientation et à l'inscription des usagers, et
  - aux garderies (surtout pour les enfants d'âge préscolaire) pour les programmes de groupe;

Ontario Community Literacy (OCL) Grants
OCL grants are designed to facilitate the development and delivery of community-based ABL programs and services for Ontario residents. In addition, project grants support research and other activities which enhance the overall development of ABL services by deliverers.

There are two streams (A and B) in the OCL grants program.

Stream A supports two distinct services:
1. on-going delivery of literacy programs to learners

2. centralized bilingual outreach, referral, and counselling services which facilitate access to all deliverers, institutional and community-based, in any given region.

Items eligible for funding include:

- Salaries and benefits for
  - co-ordination
  - outreach and publicity
  - volunteer recruitment, orientation, supervision, and training
  - user counselling, referral, and registration
  - childcare (particularly pre-school) in group settings

- les frais d'exploitation, notamment :
  - le matériel,
  - la documentation,
  - le loyer,
  - la formation en cours d'emploi,
  - les déplacements et
  - l'assurance responsabilité civile.

Ne sont pas admissibles aux subventions les frais relatifs à la formation des apprenants, par exemple le salaire des alphabétiseurs. On encourage les programmes qui désirent faire appel à des alphabétiseurs payés à mettre sur pied des ententes de parrainage avec les conseils scolaires ou les collèges communautaires.

Le volet B appuie :
- la recherche,
- les projets pilotes,
- l'élaboration de programmes d'étude et de documentation, et
- les projets novateurs (qui peuvent mener à des programmes du volet A au cours des années suivantes).

Organismes admissibles
En général, seuls les organismes communautaires à but non lucratif ont droit aux subventions. Cependant, les conseils scolaires, les collèges communautaires et les universités sont admissibles aux subventions de recherche du volet B qui profitent au développement général des services d'alphabétisation communautaire.

Niveau de financement
Normalement, le Ministère ne finance pas la totalité d'un programme ni d'un projet. On encourage les organismes à chercher des ententes de parrainage, des dons en nature ou un financement auprès d'autres sources.

- Operating expenses including
  - equipment
  - materials
  - rent
  - in-service training
  - travel
  - liability insurance.

Costs related to instruction/training of learners, e.g., instructors' salaries are ineligible. Programs wishing to use paid instructors are encouraged to form co-sponsorships with school boards or community colleges.

Stream B Supports:
- research
- pilot projects
- curriculum and materials development
- start-up projects (which may lead to Stream A programs in subsequent years).

Eligible Organizations
In general, only non-profit, community-based organizations are eligible for funding. However, school boards, community colleges, and universities are eligible for Stream B research grants which will benefit the overall development of community-based literacy services.

Level of Funding
Total program or project funding will not normally be provided. Organizations are encouraged to seek co-sponsorship agreements, donations and funding from other sources.

Consultation et formation
Le personnel de l'Unité d'alphabétisation communautaire offre des services consultatifs de soutien et des programmes de formation aux programmes communautaires. En outre, cette unité entreprend de créer des réseaux d'entraide, y compris la mise sur pied de groupes d'intérêts spéciaux. Elle dispose de certaines ressources, dont un bulletin, *Notes*, envoyé à tous les intervenants en alphabétisation.

Au sein de cette unité, trois coordonnateurs s'occupent des programmes français, anglais et autochtones, alors qu'un quatrième collabore avec tous les programmes afin de faciliter l'accès aux apprenants handicapés et à d'autres groupes cibles.

Programme L'AVENIR
L'AVENIR est un programme financé par le ministère de la Formation professionnelle et offert par les centres de consultation pour l'embauche des jeunes et les collèges d'arts appliqués et de technologie (CAAT).

Le programme a pour objectif d'aider les jeunes chômeurs et les jeunes désavantagés, âgés de 16 à 24 ans, à réussir à intégrer le marché du travail. Le programme combine l'orientation individuelle ou en groupe, l'amélioration des compétences et du niveau de scolarité, ainsi que l'expérience de travail.

L'AVENIR comporte deux composantes : la formation préprofessionnelle et le stage en milieu de travail. Afin de répondre aux besoins divers de ses clients, L'AVENIR offre quatre options pour le stage en milieu de travail.

Consultation and Training
Consultative support and training for community-based programs are provided by staff in the Community Literacy Unit. In addition, networking activities, including the development of special interest groups, are undertaken by this unit. Resources, including Notes, a newsletter for all practitioners, are available.

The unit has co-ordinators for English, French and Native programs. Another co-ordinator works with all programs to facilitate access for learners with disabilities and other target groups.

FUTURES Program
FUTURES is funded by the Ministry of Skills Development and delivered by the Youth Employment Counselling Centres and Services (YECC/S) and the Colleges of Applied Arts and Technology (CAATs).

The objective of the program is to assist unemployed and employment disadvantaged youth, 16 - 24, make a successful transition to the labour market. This is done through a combination of counselling, both individual and group, skills and educational upgrading and work experience.

FUTURES has two components: Pre-Employment Preparation (PEP) and Work Experience (WE). To meet the varied needs of FUTURES clients, four options are available within the Work Experience component.

Formation préprofessionnelle

Cette composante est conçue pour aider les jeunes très désavantagés qui n'ont pas de diplôme de 12e année et qui doivent surmonter d'autres obstacles qui les empêcheraient de réussir à garder un emploi s'ils étaient placés directement en milieu de travail. Le programme offre jusqu'à 16 semaines de formation préprofessionnelle, ce qui comprend l'orientation, la dynamique de vie, l'amélioration du niveau de scolarité et les compétences professionnelles de base. Pendant qu'ils suivent cette formation à temps plein, les participants reçoivent un traitement de 125 dollars par semaine.

Stage en milieu de travail

Cette composante est conçue pour les jeunes qui ont besoin de formation en cours d'emploi et d'une expérience en milieu de travail. L'AVENIR s'efforce de fournir des placements qui correspondent aux aspirations d'emploi et de carrière des participants, renforcent leurs chances d'emploi et débouchent sur des emplois à temps plein. Deux options de stage en milieu de travail offrent uniquement une expérience en milieu de travail et une formation en cours d'emploi, tandis que les deux autres offrent aux participants la possibilité d'améliorer leur niveau de scolarité en plus d'obtenir une formation en cours d'emploi et de l'expérience en milieu de travail. Les participants au stage en milieu de travail reçoivent le salaire minimum pendant leur placement et ceux qui participent aux programmes visant à améliorer leur niveau de scolarité ont droit à une aide financière supplémentaire. Les options sont les suivantes :

- *le stage de base de 16 semaines* offre jusqu'à 16 semaines d'expérience en milieu de travail et de formation en cours d'emploi à temps plein, ou jusqu'à 32 semaines d'expérience en milieu de travail et de formation en cours d'emploi à temps partiel.
- *le stage de formation améliorée* offre la possibilité de prolonger de 10 semaines l'option de 16 semaines jusqu'à un maximum de 26 semaines. Cette option est offerte aux participants qui ont fait preuve de beaucoup de volonté et de motivation au cours des 8 premières semaines de leur

Pre-Employment Preparation

This component is designed to assist severely disadvantaged youth who lack a Grade 12 diploma and have other significant employment barriers, such that they would not succeed if placed directly into a workplace setting. A period of up to 16 weeks of pre-employment preparation is provided which includes counselling, social and life skills, educational upgrading and basic vocational skills. While taking this full-time training participants receive a stipend of $125 per week.

Work Experience

This component is designed for youth who require on-the-job training and work experience. FUTURES attempts to provide placements that match job or career aspirations of the participants, enhance their employability and lead to full-time employment. Two of the options in Work Experience provide work experience and on-the-job training only, while the other two options provide an opportunity for educational upgrading in addition to on-the-job training and work experience. Work Experience participants receive the provincial minimum wage while on placement and those involved in educational upgrading are eligible for additional financial assistance. The options are outlined below:

- *Basic 16-Week* provides up to 16 weeks of full-time work experience and on-the-job training or up to 32 weeks of part-time work experience and on-the-job training.
- *Enhanced Training* provides an opportunity to extend the Basic 16-Week Full-time Placement Option for an additional 10 weeks so that the duration of the placement will not exceed a total of 26 weeks. This option is available to participants who have exhibited significant commitment and motivation during the initial 8 weeks

option de base. L'employeur doit accepter de s'engager à offrir un plan de formation plus complet, y compris une formation académique qui donnera au participant un niveau d'aptitude plus élevé pour obtenir un emploi ultérieur, chez le même employeur ou ailleurs.

- *l'option garantie d'un an* est offerte aux participants qui n'ont pas obtenu le diplôme de 12e année de l'école secondaire. Les participants doivent s'engager à améliorer leur niveau de scolarité pendant au moins 3 heures par semaine, en dehors des heures de travail. Ils doivent également obtenir au moins un crédit au cours des 52 semaines de cours, en échange d'une garantie d'expérience de travail pour une période d'un an maximum. Les participants reçoivent également une aide financière pour leurs frais d'inscription, de garderie et de déplacement relatifs à l'amélioration de leur scolarité.
- *l'option travail/études à mi-temps* offre aux participants qui n'ont pas obtenu le diplôme de 12e année de l'école secondaire des stages en milieu de travail à temps partiel allant jusqu'à un an, à condition qu'ils acceptent d'entreprendre une amélioration de leur niveau de scolarité à temps partiel et qu'ils obtiennent au moins 3 crédits comptant pour le diplôme de fin d'études secondaires. Les participants reçoivent le salaire minimum provincial pour leurs heures de travail à temps partiel et un traitement de 100 dollars par semaine pour leurs heures de cours à temps partiel. Les participants reçoivent également une aide financière pour leurs frais de déplacement et de garderie relatifs à l'amélioration de leur niveau de scolarité.

Pour de plus amples renseignements

Pour obtenir de plus amples renseignements sur les critères d'admissibilité et obtenir un rendez-vous auprès de votre bureau local, prière d'appeler Renseignements Jeunesse au 1-800-387-0777.

Remarque – Le masculin est employé pour des raisons de commodité et s'applique aux personnes de l'un et de l'autre sexe.

of their Basic 16-week Option. The employer must be prepared to commit to a more extensive training plan including off-the-job training which will provide the participant with a higher skill level for subsequent employment, either with the training employer or elsewhere.

- *One Year Guarantee* is offered to participants lacking a Grade 12 secondary school diploma. Participants must commit themselves to a program of educational upgrading for a minimum of 3 hours per week on their own time and must complete at least one credit during the 52 weeks in return for a guarantee of work experience for up to one year. Participants also receive financial assistance for tuition, child care and transportation related to the educational upgrading.
- *Part-Time Work/Part-Time School* provides participants lacking a Grade 12 secondary school diploma with part-time work experience placements for up to one year if they agree to undertake part-time educational upgrading and complete a minimum of 3 credits towards their secondary school graduation diploma. Participants receive the provincial minimum wage for their part-time work hours and a stipend of $100 per week for their part-time school hours. Participants also receive financial assistance for travel and child care expenses related to the educational upgrading.
